I have been a REALTOR in Placitas since 2002. My family has been in NM since the 1800's and I've lived in Placitas since 1975. Because of these strong historic ties, I strive to steward this gorgeous place responsibly. I've met so many lovely, and interesting people who are drawn to our area that it has been a real pleasure for me to help them fulfill their dreams of a home away from the city with clean air to breathe, water to drink and a gorgeous view to boot! To better serve my Buyers, I have been trained and certified as an Accredited Buyers Representative. My joy is Bringing you Home.

*Testimonials:*

***Sandy is a gemstone in our community!*** *It's frustrating for many to see the influx of those whom have no heartfelt investment in the area. . . Sandy had been here for decades, and as a result is truly rooted to the heart of our community's history and clearly committed to its future. I selected her specifically for this reason, and she did not let me down. This was not a big sale for her (hardly) and yet I know community matters and Sandy epitomizes both.*
